Just for Girls

Developing Confidence and Empowerment

“FRIEND OR FOE”

This Workshop is about the Do's and Don'ts of real friendship. The girls will make a Friend or Foe Kit to represent the “do's and don'ts” and learn how true friends treat each other. Girls learn to make a real friend and also importantly, how to deal with an enemy. This interactive Workshop strongly focuses on decision-making skills.

“THE BUBBLE”

Just being **YOU** is one of the biggest challenges each of us face in life. In both of these Workshops, girls learn about their own personal power. They learn they give power away when they let others make them feel bad about themselves or are mean to others because someone was mean to them. Why do we make decisions that are not right for us? Why do we let others “walk” over us? Why do we give in to peer pressure? Again, we incorporate decision-making skills into our presentation and reinforce development of self-esteem and confidence.

“PICK A STICK”

This interactive workshop for girls ages 8 and 9 teaches different responses they can choose in any conflict situation. Social interactions are discussed. Girls will learn the five roles often played in social circles: the Mean Girl, the Bystander, the Doormat, the Instigator, and the Empowered Girl. Participants will learn both the positive and negative impact their actions and words have on others. We'll learn how what we do impacts our own self-esteem. Decision-making skills are an integral learning portion of this presentation.
